

ACM100 – In-line Mixed Flow Fan

SPECIFICATION SHEET

The ACM100 In-line Mixed Flow Fan with 100mm diameter spigots is a highly efficient unit with simple cleaning and maintenance which meets IP44.

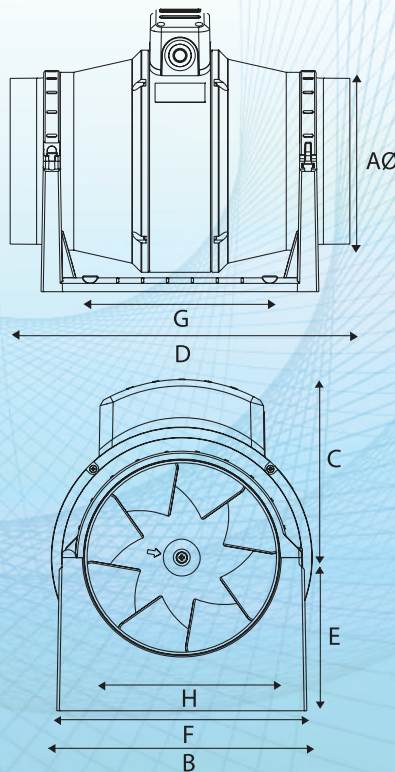

These units have a separate footplate for simple location mounting, detachable spigots for simple connection to ducting. The motor body chassis now rotates to provide connection in acute spaces. The product is mounted using two straps that secure the motor chassis assembly to the footplate.

Cleaning the product has also become simple as all parts can be removed without removing the ducting.

Specification

Stock Ref. No	17104 010C
Amps @ 240V	0.09
MAX m ³ /h @ FID	220
Watts	18
dB(A) @ 3m	20
Electronic Cont.	W300310
Humidity Sensor	563550
